A wide majority of Maryland voters support the End-of-Life Option Act, a bill that would allow medical aid in dying as an option for mentally capable, terminally ill adults to peacefully end unbearable suffering. This voter support is consistently strong regardless of race, religion, party affiliation, their position on abortion, where they live, or whether they live with a disability.

**of voters** support the End-of-Life Option Act to authorize medical aid in dying.

**of voters** personally want the option of medical aid in dying.

**of voters with disabilities** support this option.
