Good morning/afternoon/evening, my name is (YOUR FIRST NAME). I am calling on behalf of Susquehanna Polling and Research, a public opinion research firm. May I speak to (name on list) or another registered voter in your household? (If name on list or another registered voter is not available, TERMINATE)

**INTRODUCTION:** We are conducting a brief survey of attitudes and opinions concerning some important issues facing Nevada today. May we have just 4 to 5 minutes of your time to complete a brief survey?

Great, thank you...

F1: To confirm, are you registered to vote in the state of Nevada as a Republican, a Democrat, an Independent or unaffiliated voter or with some other political party?

1. If Republican 224 (37%) PROCEED TO Q1
2. If Democrat 216 (36%) PROCEED TO Q1
3. If Independent/unaffiliated 132 (22%) PROCEED TO Q1
4. If other party 28 (05%) PROCEED TO Q1
5. If not registered -- THANK AND TERMINATE
6. If refuse -- THANK AND TERMINATE

The next few questions deal with decisions you might have to make when confronted with end-of-life care issues for you or your loved ones...thank you for any information you are willing to share about this important topic...

Q1. Regardless of your age or health, have you had any discussions with either your loved ones or your medical providers about your end-of-life care wishes? (Check all that apply)

Q3. As you may not know, medical aid-in-dying laws give mentally capable, terminally ill, adult patients the freedom to end unbearable suffering and untreatable pain by requesting a prescription medication they can decide to take to die gently in their sleep. Do you think a mentally capable adult patient with an incurable, terminal illness, who only has six months or less to live, should have the legal option of medical aid in dying to pass peacefully in their sleep?

1. Yes 503 84%
2. No 56 09%
3. Not Sure 40 07%
4. Refuse 1 00%

Q4. If you had an incurable, terminal illness, still had a capable mind, had less than six months to live, and you met the legal requirements, would you personally want the legal option of medical aid in dying available to you, even though you might not choose to use it?

1. Yes 473 79%
2. No 85 14%
3. Not Sure 42 07%

Q5. Ten of the fifty states including Washington, D.C. currently have the option of medical aid in dying. Do you think Nevada should have this option?

1. Yes 519 86%
2. No 56 09%
3. Not Sure 25 04%
Q6. Do you support or oppose legislation that would allow mentally capable, terminally ill patients with incurable diseases who have six months or less to live to have the personal freedom and legal right to dictate the terms of their dying, by using medical aid in dying.” (Test Intensity...

1. Strongly support 349 58%
2. Support 140 23%
**Total Support:** 489 82%
3. Neither agree nor disagree/neutral 64 11%
4. Strongly oppose 22 04%
5. Oppose 21 04%
**Total Oppose:** 43 07%

**METHODOLOGY, SAMPLE FRAME CONSTRUCTION AND DATA COLLECTION PROCEDURES**

This telephone poll is commissioned by Compassion and Choices and conducted by Susquehanna Polling and Research, Inc. Interviews were conducted April 10-13, 2023, with 600 registered/likely voters in Nevada. Survey respondents are randomly contacted using random selection procedures, and all telephone interviews are conducted using live telephone agents. The sample frame was drawn from a randomly selected universe of households provided by Aristotle International which uses census state population data compiled from certified voter registration rolls, as well as computer coding protocols to ensure the sample is both random and geographically representative of the targeted universe. Eligible respondents are then pre-selected for the sample frame based primarily on households with prior vote history in at least 1 of 4 (or better) general elections, using G20, 18, G16 and/or G14 as the base universe; new registrants to the voter rolls since G20 are also eligible to be contacted. The sample frame includes a balanced mix of both landline and cellular households consistent with the latest telephone usable patterns available. Households are pre-screened to eliminate telephone numbers on the federal Do Not Call registry in compliance with federal and state laws.

Interviews are closely monitored to ensure a representative sample of registered/likely voters in Nevada is achieved based on party registration, geography, racial background, gender, age and other demographics; results are sometimes statistically weighted to account for non-response and/or coverage bias.

The margin of error for a sample size of 600 interviews is +/-4.0% at the 95% confidence level.

1Susquehanna Polling and Research, Inc. is a nationally recognized polling and focus group company and conducts polling for political, media and corporate clients in numerous states. SP&R’s polling has been featured on many national platforms, including the Rush Limbaugh Radio Show, FOX News Channel, The O’Reilly Factor, the Bill Maher Show and MSNBC. The former internet news service Sunshine State News of Florida referred to SP&R as “one of the most prominent pollsters in the country” for its accurate polling in the 2010 Florida Gubernatorial GOP Primary Election. The website www.realclearpolitics.com lists SP&R’s Presidential Battleground Polling as the #1 most accurate firm in the nation for the 2020 POTUS elections. CBS’s nationally televised Inside Edition program chose SP&R to profile on two separate segments due to its unmatched accuracy in 5 key battleground states in the lead up to the 2020 General Election.
